EXPERIENCE

Risk Management and Sports Analytics - MSU Interdisciplinary Group, East Lansing, MI November 2022

– Present *Analytics Intern*

- Attend MSU home games and track live in-game player and team statistics
- Operate software like Microsoft Excel and RStudios to manage, export, and analyze data, with a focus on zone exits and entries
- Optimize and produce data reports and trends that can be implemented by MSU hockey

USPBL, Utica, MI May 2022 – September 2022 *Operations/Warehouse*

- Cleaned and maintained a 4,500-person capacity stadium
- Assisted fans with questions regarding stadium policies and helped guide fans to seats
- Worked with a small team to maintain continuous supply to 15 food and beverage stands, including a stadium kitchen

City of Sterling Heights, Sterling Heights, MI May 2020 – November 2022 *AV Office Assistant*

- Contributed to a small team to organize and run the absentee voting office for the City of Sterling Heights.
- Duties included using election-specific software to accept voter applications and issue over 30,000 ballots, both physical and digital file creation and organization, sending and receiving ballots, as well as application and ballot pickup from the ballot boxes around the city.
- Frequently provided customer service by assisting residents in the election process and answering related questions.

USSSA, Macomb, MI May – Aug 2019 *Field Crew*

- Assisted in playing field operations for 10 complexes throughout southeast Michigan.
- Tasks included getting fields ready for play, maintaining between and after games, and cleanup and storage of field equipment.
- Handled ticket sales and money exchange at the front gate, as well as communicating and providing umpires with information and needed equipment.
